

CONTACT INFORMATION	University of Chicago 1103 E 57th St Chicago, IL	<i>E-mail:</i> parevalo@uchicago.edu <i>Website:</i> www.philarevalo.com
CURRENT POSITION	Postdoctoral Scholar, University of Chicago , Chicago, IL, September 2017 - Present Department of Ecology & Evolution Supervisor: Sarah Cobey	
EDUCATION	Ph.D., MIT , Cambridge, MA, August 2017 Microbiology Advisor: Martin Polz Thesis Topic: Horizontal Gene Transfer as a Cohesive Force in Microbial Populations Sc.B., Brown University , <i>cum honoribus</i> , Providence, RI, 2011 Applied Mathematics-Biology A.B.: Classics Advisor: Jeremy Rich Senior thesis topic: Diversity of anammox bacteria in ocean sediments.	
RESEARCH POSITIONS	Research Assistant, Woods Hole Oceanographic Institution , Woods Hole, MA July 2011 - August 2012 Advisor: Stefan Sievert Research topic: Bacterial and archaeal community composition in oxygen minimum zones and hydrothermal vents.	
TEACHING EXPERIENCE	Guest lecturer for Evolutionary and Genomic Medicine, University of Chicago (Winter, 2018) Graduate of Kaufman Teaching Certificate Program, MIT (Summer 2017) Teaching Assistant for Microbial Population Genomics, MIT (Fall 2016) Teaching Assistant for Microbial Genetics and Evolution, MIT (Fall 2014) Lecturer Bioinformatics Workshop, Centro de Biología Molecular, Managua, Nicaragua (March 2014)	
PRIMARY AUTHOR PUBLICATIONS	1. Hehemann, J.-H.*, Arevalo, P.* , Datta, M.S.*, Yu, X., Corzett, C., Preheim., S.P., Henschel, A., Timberlake, S., Alm, E.J., Polz, M.F. (2016). <i>Adaptive radiation by waves of gene transfer leads to fine-scale resource partitioning in marine microbes</i> . Nature Communications, 7. doi:10.1038/ncomms12860. 2. Arevalo, P.* , VanInsberghe, D.*, Elsherbini, J., Gore, J., Polz, M.F. <i>A biological definition for microbial populations..</i> In Prep. <i>* indicates equal contribution of authors</i>	
CONTRIBUTING AUTHOR PUBLICATIONS	1. Kauffman, K., Hussain, F., Yang, J., Arevalo, P. , Brown, J., Cutler, M., Kelly, L., Polz, M.F. (2018). <i>A major lineage of non-tailed dsDNA viruses as unrecognized killers of marine bacteria</i> . Nature. doi:10.1038/nature25474

PRESENTATIONS AND POSTERS

- Arevalo, P.** *The role of immune history in population-level influenza dynamics*. April 2018. University of Chicago Ecology & Evolution Darwin's Weekly.
- Arevalo, P.** *Horizontal gene transfer as a cohesive force in microbial populations*. April 2017. University of Chicago Ecology & Evolution Darwin's Weekly.
- Arevalo, P.** & Polz, M.F. *A biological definition for microbial populations and its application to a reverse ecology approach*. August 2016. 16th International Symposium for Microbial Ecology. Evolution. Invited oral presentation (co-convenor).
- Arevalo, P.** *A biological definition for microbial populations and its application to a reverse ecology approach*. Center for Microbiome Informatics and Therapeutics. June 2016. Work-in-progress meeting. Oral presentation.
- Arevalo, P.**, Wuchter, C., Yang, T-H., Coolen, M., Sievert, S. *Stratified bacterial and archaeal communities across the oxygen minimum zone of the Eastern Tropical North Pacific*. August 2012 . 14th International Symposium for Microbial Ecology. Microbes in a changing ocean. Contributed oral presentation.
- Arevalo, P.** & Rich, J. *Diversity and abundance of anammox bacteria along environmental gradients in the Peru margin*. February 2011. American Society for Limnology and Oceanography Aquatic Sciences Meeting. Student Poster Session.

HONORS AND AWARDS

- National Science Foundation Graduate Research Fellow (2012 - 2017)
- MIT Energy Initiative BP Energy Fellow (2012)
- Elected to the Society of Sigma Xi (May 2011)
- Brown University Povar Prize in Zoology and Physiology (May 2011)

OUTREACH

- Guest Lecturer** Biotechnology III, Cambridge Rindge and Latin School (November 2016)
- SPLASH Instructor** Educational Studies Program, MIT (November 2013 & November 2015)

SERVICE

- Graduate Resident Tutor**, MIT (March 2014 - Present)
- Ran regular study breaks, assisted in conflict resolution, and ensured general well-being of undergraduate students in a residential setting.
- Writing Fellow**, Brown University (September 2008 - May 2011)
- Provided writing support for ten students per semester focused on argumentation, style, and clarity.

PROGRAMMING LANGUAGES

- Main:** Python
- Experienced:** R, Matlab
- Used in the past:** Java
- Github:** <http://github.com/philarevalo>

MENTORED
STUDENTS

Jai Padmakumar, Microbiology graduate program rotation (Spring 2017)
Joseph Elsherbini, Microbiology graduate program rotation (Winter 2015)
